INSPIRED BY MOTHERNATURE, CRAFTED BY EXCELLENCE...

MATGUSTO

Our distinctiveness is rooted in the unparalleled artistry of the most talented and incredible artist of all — Mother Nature.

We hold a deep reverence for the original textures and colors of each raw material, ensuring that the inherent beauty is preserved.

Embracing nature as our cherished muse, we are dedicated to love, respect, and protect our planet. At MatGusto, our pledge to environmental stewardship is reflected in each meticulously crafted natural stone and wooden product, all designed to be not only eco-friendly but also inherently biodegradable.

MATGUSTÅ

Enhancing experiences across more than 12 countries since 2008.
Our inspiration is derived from the success of our business partners and manufacturers.

At the heart of our operations is a commitment to crafting and delivering the finest quality products that will make a difference for your business.

Tozz Collection - A Recycled Basalt Dust Byproduct

INNOVATION

A breakthrough innovation in stoneware manufacturing. Stoneware made out of actual basalt dust! We do not waste, we reuse...

RECYCLE

By reusing basalt dust, a waste byproduct of basalt stone processing, we reduce the environmental impact associated with extracting and processing new materials. This helps conserve natural resources and reduces energy consumption. The process of recycling basalt dust also decreases the amount of industrial waste sent to landfills, contributing to waste reduction and minimizing environmental pollution.

ECO-FRIENDLY

Basalt dust is rich in minerals, making it a durable, heat-resistant, and eco-friendly alternative to traditional materials.

SUSTAINIBILITY

By repurposing basalt dust, the production process helps reduce waste and the need for extracting new raw materials, conserving natural resources. It supports sustainability by creating functional products from materials that would otherwise go unused.

Committed to blending elegance with sustainability, TOZZ by MATGUSTO creations stands as a testament to our deep reverence for the planet.
